**Subject:** 71 Teaching Assistant Placements at Nordic Schools, and more to come

Dear colleagues

Can you please distribute this link to Higher Education Institutions that might be interested in Teaching Assistant Placements at Nordic Schools for their students. This is a database where students can view registrations from Nordic Schools that want to get a Teaching Assistant next school year.

Currently there are 71 registrations from schools in the database and more registrations are expected to come.

Erasmus+ Teaching Assistant Placement opportunities at Nordic Schools

The process for students:

- The student makes sure that he/she has the approval of his/her home institution to take a Teaching Assistant Placement period as a part of his/her studies.
- The student finds out how to apply for an Erasmus+ grant for placement.
- The student finds a suitable Teaching Assistant opportunity in this database.
- The student or his/her home institution contacts the Nordic School. It is recommended that a special CONTACT FORM FOR ASSIGNMENT (see at database) is used and completed by the student.
- When the Nordic School has accepted the student, an Erasmus+ Training Agreement has to be signed.

This database is hosted by the Icelandic NA but has been developed and is managed in cooperation between the Nordic NA's.

Best regards

Óskar
